

31 May 2024

To our valued customers,

Please be advised that there will be price changes on commodity items (copper tube, paircoil, copper fittings & silver solder) implemented on 1 June 2024.

Any existing quotes will be honoured per the validity terms for the above items.

Further to the above, there will be increases on a broader range of products due to rapidly increasing raw material pricing and price increases from suppliers.

Products effected on 1 July 2024 will include but not be limited to Refrigerants, Copeland Refrigeration Equipment, AC Installation Parts, High Pressure Copper / Copper Fittings and Components, Air Conditioning Units, Tools and Spare Parts.

We encourage customers to login and review pricing via the Beijer Ref RefShop or contact your nearest branch / representative for more information.

We appreciate your ongoing business and support.

Best regards,

The team at Beijer Ref Australia
